Dear Mr. Breslin:

RE: 104(e) Request For Information
Sanitary Landfill Company (IWD) Site
Moraine, Ohio

This letter will confirm our recent phone conversation regarding the Request for Information relevant to the above referenced site issued by U.S. EPA on May 24, 1993 to our Delco facility located in Dayton, Ohio. As we discussed, the Delco Chassis facility in Dayton is a part of a Division of General Motors and had responded previously to a Request for Information relating to this site. Also, General Motors is already a participating party at this site.

Based on the above, you have agreed that it will be unnecessary for General Motors to respond to the May 24 Request for Information at this time. Thank you for your help and consideration in this matter.

Very truly yours,
